RESEARCH & DEVELOPMENT

We recognize the need for value addition in products and our vision is to introduce innovative railway products. To realize our aim we have a strong and well equipped Research & Development lab. R&D's contribution in OFPL's growth has been noteworthy. It has helped the Company to grow its business and expand its market presence through better service, quality and timely delivery of products. R&D has played a critical role in bringing down the costs, adopting new technologies for monetization and ensuring that the Company maintains its competitive edge.

PROMOTERS & MANAGEMENT

OFPL is promoted and wholly owned by Oriental Rail Infrastructure Ltd. The promoters - Saleh Mithiborwala and Vali Mithiborwala have a total experience of over five decades. The Company's strong position, dominant market share and profitable growth is largely attributable to the able managerial skills of the ORIL management team.

The top management have an immaculate track record and has ably guided the fortunes of the Company in a profitable matter till date. The group has also put in place a proper organization structure with sufficient delegation of authority and responsibility. The top management is competently aided by a team of professionals in various areas like finance, marketing, human resources and operations.

The management's attitude towards risk has always been conservative. The Company has adequate systems and processes in place to mitigate risks in business. The management follows a hands on approach, are alert to environmental changes and swift to address the challenges. The management has a coherent vision of where they want ORIL to be in long term. Their objective is to expand and strengthen the existing products base with new products and take the Company to new heights thereby maximizing shareholder's wealth in the long-term.
